

Policy recommendations Manure based biogas/energy

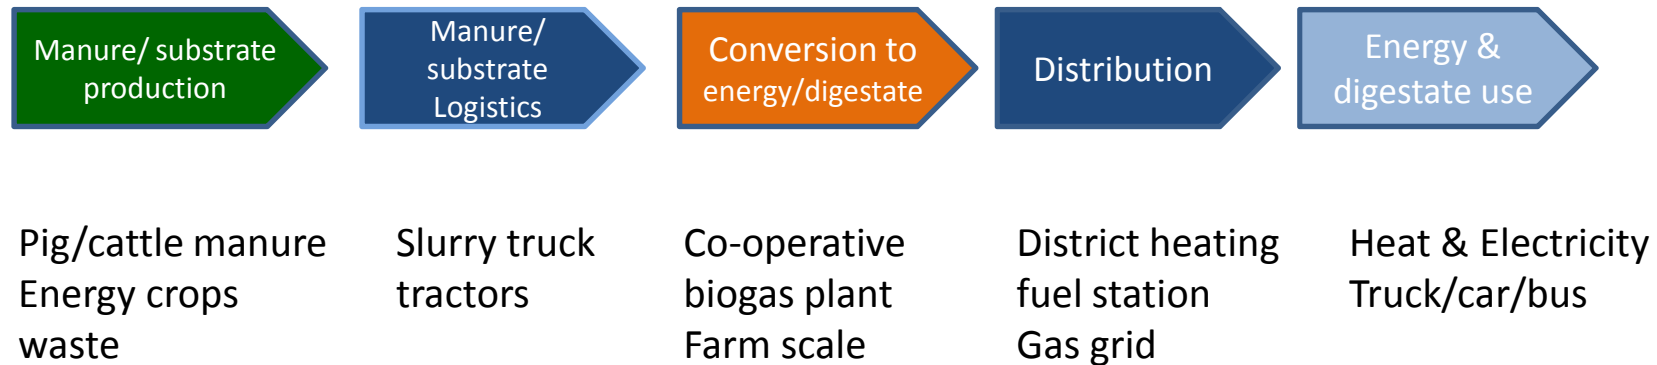

Knud Tybirk, Agro Business Park
kt@agropark.dk

Baltic MANURE

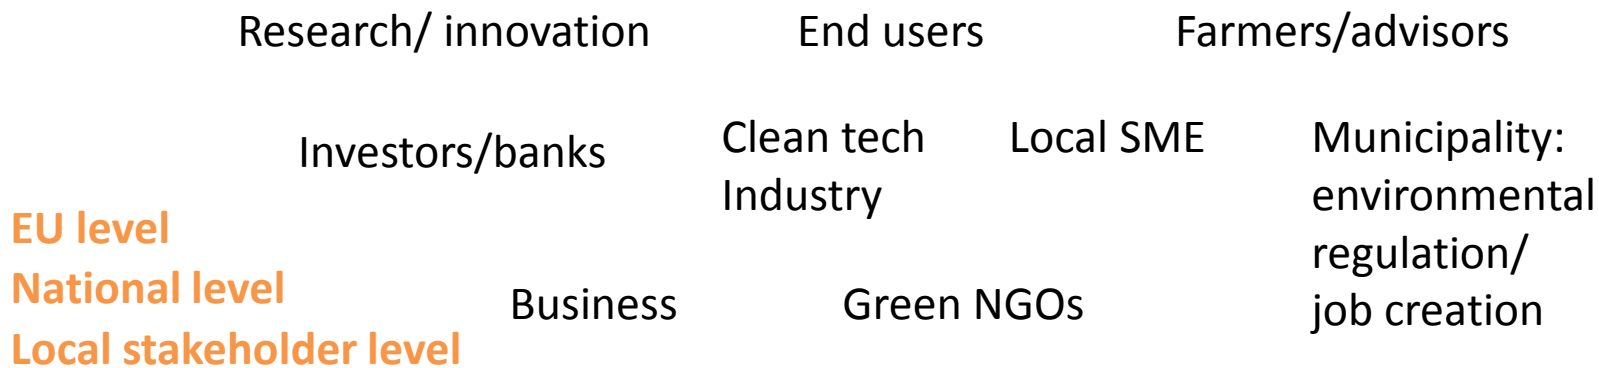

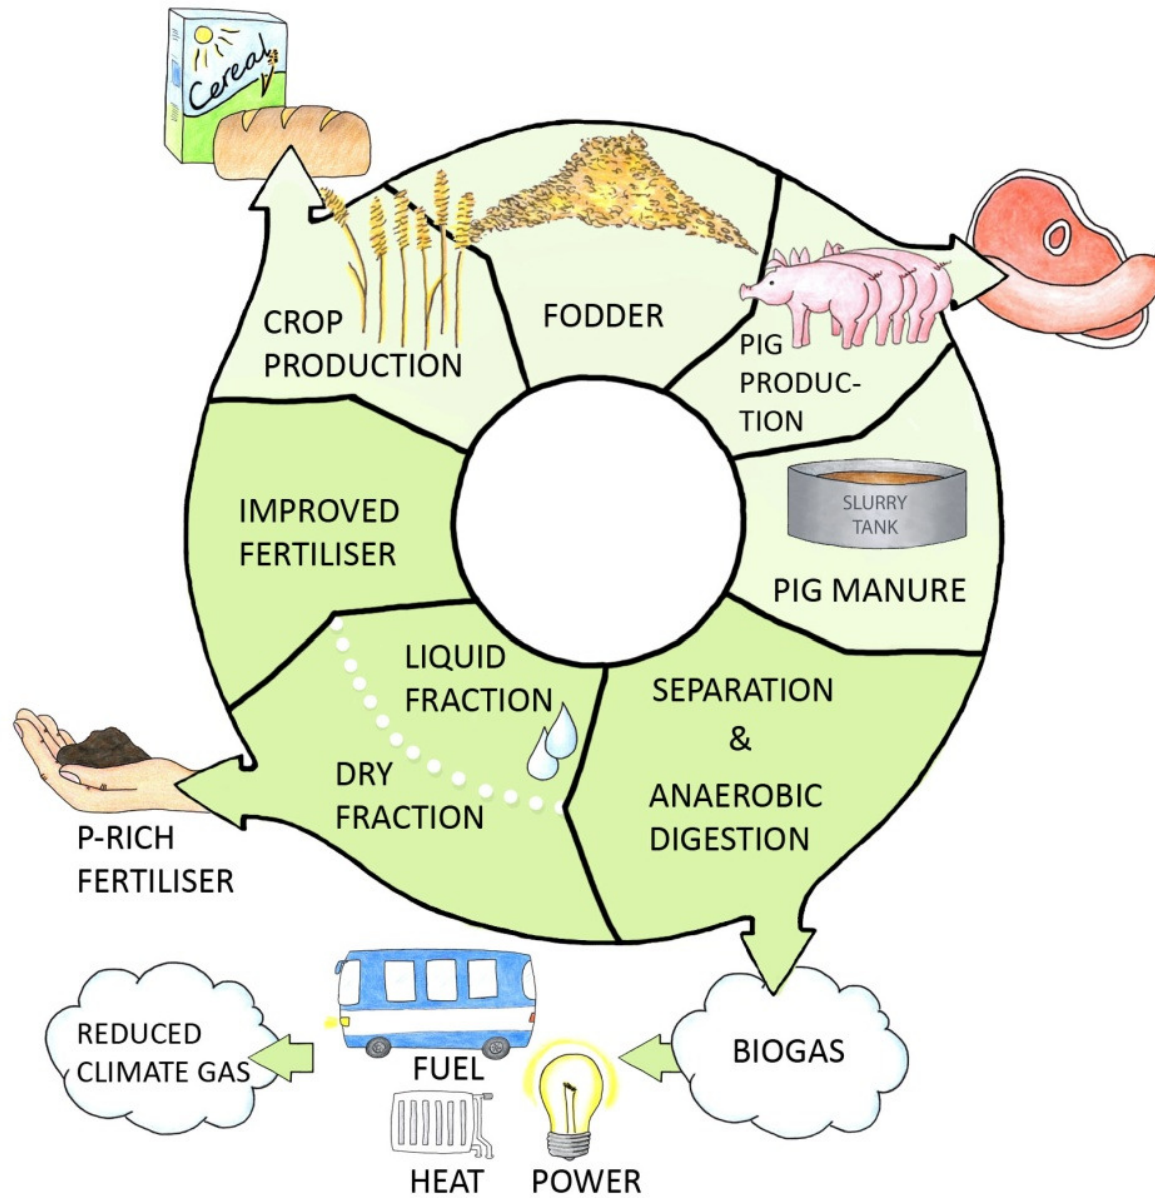

- **Motivate farmers**
 - Manure bonus / Financial incentives for biogas
 - Investment grants
 - Feed-in tariffs
- **Environmental restrictions**
 - Make it mandatory for (large scale) livestock producers to treat manure in biogas plant
 - Use of digestate based on nutrient balances
 - Develop national fertilizer norms and official standard values for livestock manure
- **Energy use**
 - Infrastructure to connect biogas production with final energy consumers

Policy recommendations

Stakeholders

Policy suggestions

- 2-4 of you together
- Give 3 policy recommendations
- Write on Cartoon (just short headline/2-5 words)
- 5-7 minutes....
